VARDHAMAN AUTO PARTS

YOUR SPARE PARTS EXPERT

ABOUT US

A ONE-STOP SHOP FOR GENUINE & BRANDED PARTS — SINCE 1992

Founded in **1992 by Mr. Kalpendra Kothari** and carried forward by **Mr. Viral Kothari**, Vardhaman Auto Parts has its main office in **Mumbai, India** and is a global business operating in many countries.

Vardhaman Auto Parts is a one-stop shop for the supply of **authentic, branded and genuine parts for all car models** at very competitive prices to customers in India and abroad. It enjoys credibility and accessibility with suppliers, dealers, distributors and manufacturers of spare parts. We have a wide database and collection of spare parts and are recognised for supplying the most critical parts with accuracy.

We strive to achieve **100% customer satisfaction** by supplying the best quality products at the most reasonable rates within committed time. We are also equipped with efficient logistics support to meet customer requirements — **in time, every time.**

We have a practice and system to understand and execute customer orders perfectly, so as to ensure consistent, top-class service. This has been possible through our ongoing research, structured interactions and regular feedback mechanism with our esteemed customers. Moving forward, we are well poised to grow from strength to strength with the invaluable and growing support of our satisfied customers.

The company has a huge database of **genuine and aftermarket replacement parts**. With our aim to be **"Your Spare Parts Expert"**, we strive to become a pioneer in the automotive parts industry. The spare parts market in the country is still largely unorganised, and sometimes it becomes very difficult for car owners to find replacement parts. Our platform offers a trusted channel for both car owners and auto parts dealers to come under one roof and reap the maximum benefits.

Since 100% customer satisfaction is our utmost priority, we only deal in **high-quality genuine or aftermarket parts**. Born out of a simple idea, here customers can find the exact parts with transparent pricing and on-time delivery — surely a win-win situation for all customers.

We guarantee accuracy and reliability of parts.

We are driven by the aim to organise the market of spare parts in India and abroad for everybody interested in the auto service industry.
